Re: Lehman Brothers Holdings Inc., 08-13555, U.S. Bankruptcy Court, Southern District of New York (Manhattan)

Honorable James M. Peck

I am writing as the unofficial spokesperson for a group of concerned owners of Lehman Brothers Holdings Inc. (LBHI) equity shares¹. I am writing to request appointment of an Equity Committee (EC) to monitor any Chapter 11 Plan proposed by the Debtors or alternate plans proposed by any Creditor. To my knowledge we are the only unrepresented LBHI Claim Class (Class 9 – Equity Interest in LBHI) and are “not entitled to vote to accept or reject the Plan”² as we are “conclusively deemed to have rejected the Plan”³ as currently defined by Alvarez & Marsal North America, LLC (A&M). I do not believe the current arrangement is in keeping with A&M’s philosophy that “all interested parties have equal access to information and data concerning the Plan and that the prevailing principle of full transparency continue.”³

As an unofficial committee, we represent an Equity Interest with a par value of \$354M, including deferred dividends on the Preferred Shares Series, and nearly 11.5M shares of LBHI Common Stock. In addition, Preferred Shareholders as a single class are authorized to elect two additional Directors to the Lehman Brothers Board of Directors at the next shareholder meeting because more than six dividend payments have been deferred⁴.

As you are aware the bankruptcy of Lehman Brothers Holdings Inc. was the largest in history. At the time of filing LBHI listed assets of \$639B and total debts of \$613B⁵. What many are unaware is that a mere 39 days before the filing LBHI issued a \$0.17 dividend to its common shares⁶. In addition, two preferred series⁷ were issued dividends 14 days before the bankruptcy filing. In the year leading up to the collapse, Lehman Brothers stock was trading at nearly \$59 per share. The resulting bankruptcy not only threw the financial world into a tailspin, it wiped out nearly \$50B in equity interests in LBHI as well. I don’t believe it is unreasonable to request an accurate accounting of where ‘our’ equity went and proper consideration in any plan of reorganization.

As a shareholder from before the bankruptcy filing, I have followed this case on a daily basis. For the most part I’ve found the efforts of A&M to be commendable. I do however have significant reservations regarding the recently filed Chapter 11 Plan and lack of up-to-date information, including the delayed Disclosure Statement. I am aware of the complexities of the case and of the exorbitant cost of maintaining a standing army of highly paid lawyers and I do not wish to further burden the court with unnecessary requests. However, I feel that the facts of this case merit your prudent consideration.

¹ LBHI Common Stock, LBHI 5.94% Cumulative Preferred Stock Series C, LBHI 5.67% Cumulative Preferred Stock Series D, LBHI 6.50% Cumulative Preferred Stock Series F, LBHI Floating Rate Cumulative Preferred Stock Series G, LBHI 7.95% Non-Cumulative Perpetual Preferred Stock Series J, LBHI 8.75% Non-Cumulative Mandatory Convertible Preferred Stock Series Q, and LBHI 7.25% Non-Cumulative Perpetual Convertible Preferred Stock Series P

My primary concern is that it has already been "deemed" that Equity interests have rejected the Plan. Without either courtroom or backroom access, Equity interests would be quite easy to extinguish. While there is ultimately no dispute that Equity Interests are indeed Class 9, there is a concern given the unprecedented nature and complexity of the case that we simply don't have access to the information to make an ongoing informed investment decision. The Objection to the formation of LAMCO Motion by the UK Administration Companies echoes our sentiment "The UK Administration Companies do not dispute that the relief Debtors seek in the LAMCO Motion *could* eventually prove to be commercially reasonable and could eventually result in an overall benefit to creditors. The UK Administration Companies object to the LAMCO Motion at this time, however, **because there is insufficient information available to assess the merits of LAMCO in the context of Debtors' Plan**, and because there is **insufficient transparency regarding several aspects of LAMCO's implementation, including the governance of LAMCO in connection with the business it will conduct with New Clients.** [emphasis mine]"⁸

In addition to the lack of representation, key tax benefits to the estate are tied to preserving ownership of LBHI. Since November 2008⁹ there has been a trading restriction on Equity interests. I believe it is reasonable to request that the Debtors provide a specific plan for these tax benefits to justify maintaining the trading restrictions. If the estate ultimately chooses not to use these tax benefits, I request that all trading restrictions be lifted.

Since the original filing in September 2008, the composition of what makes up LBHI has significantly changed. As of 12 April 2010 the most current comprehensive balance sheet available is from June 2009. Much of the Chapter 11 Plan of LBHI relies on a tactic of delayed monetization of assets to maximize the value to the estate. Equity interests would like to participate in the same plan as Creditors albeit at an appropriately prorated value. If LBHI is proposing a plan to allow asset values to mature than by presumption any action to extinguish a Classes rights would be premature. Your Honor has given A&M great latitude in hedging and investment activity to either preserve or grow asset value. Equity Interest holders believe your decisions were prudent and likely represent our only opportunity for an eventual recovery.

Furthermore, there are myriad other issues regarding potential avenues to increase assets or decrease liabilities. Although I could go in great detail for each item, I know that your Honor is more than intimately familiar with them and likely expends every waking (and sleeping) second contemplating these issues. In the spirit of maintaining a reasonably sized request I will supply a list of items that I feel are likely to affect Equity value at some point in the future—LBHI's effort to recover assets from Barclays Bank PLC, continuing litigation against JP Morgan Chase, aggressive and continued reduction of claims against LBHI, tax benefits of the Net Operating Loss valued at ~\$10B, receivables due from affiliates, non-bankrupt debtor entities, continued unwinding of derivatives, appreciating assets, and generally improving macro-economic conditions. It comes to no surprise that Creditors are willing to wait.

Your Honor, we simply wish to be heard and not assumed to be so insignificant that we can be swept under the rug. There are many recent cases (Chemtura, Tronox, Washington Mutual, General Growth Properties, Visteon, Mirant, Citadel, etc) demonstrating the benefit of an Equity Committee as a potential safeguard against undue pressure and premature liquidation by the Debtors and Creditors. We currently do not have legal representation as many contacted firms are reluctant to take on such a complex case without prior appointment of the Equity Committee. Hence, we have taken it upon ourselves to contact the court directly. We appreciate your time and request that our communication to you be docketed (without the shareholder letters) in the hope of attracting further support.

Dear Mr. James W. Gidden

I request that you appoint an Official Equity Committee in the Lehman Brothers Holding Inc. Bankruptcy Case. For my age (83) and overall financial condition I have suffered far too much loss from what I was told would be a low risk investment. I sacrificed most of the things I wanted to do in order to make this investment, from the little money I made as telephone switchboard operator, with the goal to just extend any semblance of a normal quality of life as long as I possibly could. I realize that to many people the amount of money I lost was probably negligible but when you're my age, retired on Social Security and you were counting on it to just make it by a little while longer, it seems insurmountable. Of course I would just like it to be worth anywhere close to the amount that I worked so hard to earn and invest but so would all the other investors. So often in life the little people get stepped on without even a voice and I feel that it is so important for there to be an Official Equity Committee to take any legal steps to protect any interests/claims to money, property or rights that I and others may be entitled to by law.

I currently hold 200 shares of LEHMQ which I intend to retain with the hopes that an Official Equity Committee will be appointed and will diligently seek best legal settlement of Lehman Brothers Holding Inc's assets on my behalf.

Thank you for your consideration and handling of this matter.

I am writing to file my Proof of Interest in the case of Lehman Brothers Holdings Inc., 08-13555, U.S. Bankruptcy Court, Southern District of New York (Manhattan) and request that you appoint an Official Equity Committee to represent and protect the rights of the equity owners of Lehman Brothers Inc. Equity owners of Lehman include Common Shares and Traditional Preferred Shares. These two are the only unrepresented classes.

I have followed this case on a daily basis. For the most part I've found the efforts of Alvarez and Marsal (A&M) to be commendable. I do however have significant reservations regarding the recently filed Chapter 11 Plan. Specifically, I find the lack of transparency regarding Equity Ownership of Lehman to be disturbing. At the time of filing, Lehman Brothers Holdings Inc. listed assets of \$639B and total debts of \$613B. I believe we are owed accurate accounting of where 'our' equity went and proper consideration in any plan of reorganization.

My primary concern is that the equity owners have no courtroom representation. After doing significant research I have found numerous recent examples (Chemtura, Tronox, Washington Mutual, General Growth Properties, Visteon, Mirant, Citadel, etc) where powerful creditors have attempted to unduly silence and prematurely wipeout equity interests. I am aware of the complexities of the case and I do not wish to further burden the court with unnecessary requests. However, I feel that the facts of the case merit consideration. Much of the argument presented by A&M has been based on 'give us more time and we can get more for the estate.' While only a paraphrase I believe that the essence of their plan is properly conveyed. This plan is fundamentally flawed from an equity standpoint. If creditors are willing to wait to have the value of the estate maximized, why not equity too? Given ongoing litigation with Barclays and JP Morgan Chase, the tax advantages of the Net Operating Loss, receivables due from affiliates, non-bankrupt debtor entities, continued unwinding of derivatives (and your ruling on Metavante and Dante SPV), appreciating assets and generally improving macro-economic conditions, its no wonder that creditors are willing to wait. Factor in the fact that LAMCO is being designed as a 'for-profit' entity and I'd be willing to wait too.

Your Honor, it is all these reasons, and probably the hundred I didn't list, that I urge you to appoint equity representation before any plan of reorganization is finalized.

Attn: Andrew D. Velez-Rivera, Esq.

Dear Mr. James W. Gidden:

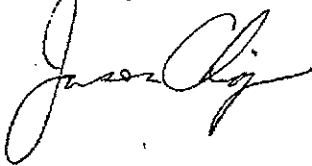

I request that you appoint an official Equity Committee in the Lehman Brothers Holding Inc. bankruptcy case.

A substantial number of shareholders have suffered egregious losses, and I feel it is necessary to take any and all legal steps necessary, as provided for by law, to protect our interests.

My wife and I have already lost in excess of \$25,000 dollars that we invested in Lehman common stock. We are now left with 105,000 shares of LEHJQ.PK preferred shares and fear that without your help in creating an official Equity Committee we will once again be victimized.

It is impossible to undo all the wrongs that led to Lehman's bankruptcy. However, I have great confidence that you will do what is within your power to make sure that all the shareholders will be protected for the remainder of the bankruptcy proceedings.

Sincerely,

The Office of the United States Trustee

RE: Lehman Brothers Holdings, Inc., 08-13555,USBC
Claim # 11069 \$1,100,000.
Claim # 11068 \$ 50,000.

Honorable James M. Peck,

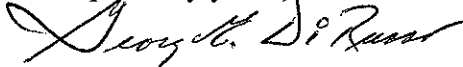

I am writing to request that you appoint an Official Equity Committee to represent and protect the rights of the equity owners of Lehman Brothers Holdings, Inc.. I have filed the above cited claims with respect to my holdings of Lehman Brothers Holdings, Inc. 7.5% Series P Convertible Preferred Stock.

I wanted to thank you for your efforts to determine whether or not I was in your Court on June 6th, last year. I'm living in Florida now and was dissuaded from coming to New York by attorneys from the Pension Benefits Trust Corporation and the Weil law firm. I was given to understand that separate claim was not germane to the Lehman pension resolve.

I can't tell your Honor how shocked I was to read of the Lehman accounting machinations of "Repo 105" and the questionable behavior of Ernst and Young, who gave their approval of the SEC filings with regard to the Lehman Preferred stock I put a considerable amount of my savings into. Please consider an Official Equity Committee with the interests of persons like myself getting treatment expected by Bond holders.

Again, thank you for your courtesy with regard to my last submission.

Respectfully yours,

George E. Di Russo
